

Light / The Holocaust & Humanity Project

Light / The Holocaust and Humanity Project in your city

Light / The Holocaust & Humanity Project was designed for replication in cities across the country. We look forward to helping you customize a project that is meaningful to your community.

The Project Design

Light / The Holocaust & Humanity Project reflects the unique character of each host city, working together to present and design the following program elements:

- ❖ *Light / The Holocaust & Humanity Project* Ballet performed by Ballet Austin
- ❖ Free Public Art Event like the Coexistence exhibition
- ❖ Professional Development Activities for Teachers
- ❖ Series of Public Lectures on Holocaust, Holocaust Representation and Contemporary Issues
- ❖ Opportunities for Community Dialogue

The People

Light / The Holocaust & Humanity Project succeeded in our community because of a broad base of support from leaders representing a variety of community interests. We recommend assembling a significant combination of the following leaders in your community before attempting this project:

- ❖ Holocaust Community Representatives (e.g. Survivor, Holocaust Educator, Holocaust Museum Representative)
- ❖ High-level Government Leadership (e.g. Mayor, City Council, City Manager)
- ❖ Philanthropists with Human Rights or Arts Interests
- ❖ High-level Leader of School District (e.g. Superintendent, School Board Trustee)
- ❖ Performing Arts Presenting Organization (Responsible for programming a 1400+ seat theater)
- ❖ Representative from the Visual Arts Community with a Public Art Interest
- ❖ Representative from Higher Education (preferably focusing on Teacher Preparation)
- ❖ Professional Leadership of the Faith-based Community (e.g. Jewish Community Center Leadership, Local Interfaith Alliance, Catholic Diocese Leader)
- ❖ Representative of the Human Rights Community (e.g. Anti-Defamation League, Lynxs)

The Support

Light / The Holocaust & Humanity Project costs vary depending on project design in your city. [Please consider the budget that guided the Austin project.]

Light / The Holocaust & Humanity Project representatives are prepared to visit your city to consult with local leaders to design a powerful project in your community.
